

THE MOST ADVANCED TECHNOLOGY FOR THE MOST HUMAN OF MISSIONS.

We help people get the care they need in the place they feel most like themselves — at home.

To further our mission we joined with SMC Partners to create CONNEXUS, leading-edge software that connects our clients and caregivers to ensure care is more consistent, more coordinated and more personal.

To learn more about our mission, go to ctcommunitycare.org.

To learn how your agency can benefit from CONNEXUS, go to smcpartners.com.
